Technical data*:

- ▶ Discharging amount approx. 5 - 25 l/min
- ▶ Mixing ratio from 10 : 100 to 100 : 100
- ▶ PLC with display, permanent control and monitoring of quantity, mixing ratio, temperatures, pressure and tank levels
- ▶ Frequency-controlled drives / pump systems, pulsation-free
- ▶ Volume flow meter for material quantity recording
- ▶ Pressure monitoring with safety shut-off
- ▶ 2 stainless steel drums (350 l or 200 l) or directly from 200 l barrels
- ▶ Mixing unit with static mixer

*Technical data depending on material, temperature, machine configuration and hose length from mixer
